Summer, 2009

Dear Applicants,

We had a great trip to Kenya and Uganda May 22- June 8. EAFC is alive and healthy in Africa. Men and women there are personally sacrificing to help EAFC be a ministry of integrity and to help those who desperately need our help... It really does take lots of people being the hands and feet of Christ to accomplish a task like this one.

In America our faith is being stretched. Our office is very short staffed right now. We are restructuring, seeking God through the counsel of our African partners in an attempt to do this job more effectively. As this ministry comes to mind, please lift us up in prayer.

Our core values have not and will not change. How we get the job done is being “kneaded” as one kneads bread. We know that God says that He gives seed to the sower and bread to the eater and from that we know that He will provide our needs both for now and for the future. Looking back is satisfying, but looking ahead sometimes is better for our faith, right?

I’ll never forget the group that met around the table with us as we ate lunch at Daystar University in Nairobi. The facilitator asked each student to tell something about himself. It amazed me the number of them that indicated how many times they had filled out our 10 page application before getting a favorable response from EAFC. It reminded me of Hebrews 10:36, “for you have need of endurance, so that when you have done the will of God you may receive what is promised.” May God seal that verse into all our hearts.

EAFC has posted for some time that we are no longer accepting applications for 2009. We will let you know when we can again accept them. It saddens me that we have received what appears to be many very fine and completed applications from some of you. The same God who is taking this ministry through troubled waters, knows your needs as well. May we both look to him.

In prayer,

Val Vickery
Executive Director
